

Emanuel School

Sports Scholars & **REPRESENTATIVE HONOURS**

Sports scholars

Emanuel School currently supports 26 sports scholars across the year groups. Each scholar makes a substantial contribution towards sport and represents the school at county, regional and national levels. Scholars perform alongside their peers, conduct themselves as role models and play their part in striving for sporting achievement.

Each sport scholar is assigned a mentor who supports the individual throughout their time at the school and facilitates opportunities to achieve their sporting ambitions. Every pupil has access to a school physiotherapist at Emanuel. However, support and treatment for scholars is prioritised.
