

Emanuel School

Sports scholarship information

All candidates should submit their application form, listing the teams or squads with which they have been involved both in and outside school and enclosing a reference from their sports teacher and/or coach. It is important to be able to demonstrate a high level of performance and achievement in sport.

Please note that experience of playing in at least one of our performance core sports of netball, rugby, cricket, rowing, football and hockey is essential. From September 2020 football is a core performance sport for those applying for 10/11/13+ scholarships but not for sixth form scholarships.

Selected candidates will be invited to an assessment day where they will be tested on their sport specific skills, athletic ability and fitness levels.

Sports scholarships will be made mainly on the basis of performance at the assessment day but also with consideration of the supporting reference(s) and application form. It is essential for candidates to have previous experience of playing sport at a high level at their current school and also outside of school.

Successful candidates must be willing to make a commitment to play for school teams in two of our performance core sports during their time at Emanuel. Being outstanding in at least one of these sports and being able to contribute significantly to another is vital.
